Our Mission Statement

The Upper Valley Montessori Society known as the Discovery School will strive to provide a unique, child-centered, quality education allowing the child to develop a love of learning based on the philosophy and method of Dr. Maria Montessori, which professes to "Follow the Child."

Our Vision Statement

The ultimate objective of the Discovery School is the development of responsible, self-confident members of the society, respectful of themselves and others, who will develop a positive approach to life and contribute to their community.

"A good leader inspires people to have confidence in the leader, a great leader inspires people to have confidence in themselves."

-Eleanor Roosevelt

Virtue

CONFIDENCE

"Confidence is having faith in something or someone. When you have confidence, you trust that you have what it takes to handle whatever happens."
