Our Mission Statement

The Upper Valley Montessori Society known as the Discovery School will strive to provide a unique, child-centered, quality education allowing the child to develop a love of learning based on the philosophy and method of Dr. Maria Montessori, which professes to "Follow the Child."

Our Vision Statement

The ultimate objective of the Discovery School is the development of responsible, self-confident members of the society, respectful of themselves and others, who will develop a positive approach to life and contribute to their community.

"A friend is one that knows you as you are, understands where you have been, accepts what you have become, and still, gently allows you to grow."

-William Shakespeare

Virtue

FRIENDLINESS

"Friendliness is being a friend. It is taking an interest in other people. When you are friendly, you happily share your belongings, time, ideas, and feelings."
